Dr. Hetta Jacobs,
Amsterdam

Dear Madam,

Seeing an article written in the American Pictorial Revue about "Keeping the Stock in its place," I would like if you could put me wise, how to prevent further conceptions with my wife. We have all the children we want now and all we can afford to raise and educate, so would like to hear from you how to prevent more. When you reply please let me know if what your charge is and I will send by return mail.
