Dr. Alitta Jacobs
Amsterdam, Holland.

Dear Madame:

I read in the Pictorial Review of last February an article regarding you and after reading it, it occurred to me to appeal to you personally and that you would be kind enough to help me. I have several children but my physical condition is no longer strong enough.
telling me just what is actual birth control. I shall be the most grateful for the same.

Your very truly

to give birth to healthy children. I have tried every available source here in Brockton, to possess myself of birth control.

I am pregnant now, and have fear that my present ill health will result in bringing in the world a sickly baby. This I feel is my duty to avoid in the future, and therefore I ask you will you help me
