March 4th, 1929.

Mrs Aletta Jacobs.

Dear Dr Jacobs,

I am asked by the President of the International Federation of University Women to convey to you the congratulations of the Federation on the occasion of the fiftieth anniversary of the day when you took your degree. The work you have accomplished, and the courage, energy and intellectual power needed for its accomplishment, have for many years inspired other women to undertakings which would have seemed impossible without your example, and the Federation of University Women rejoices in this opportunity for assuring you of the admiration and appreciation of all its members.

Believe me,

Yours very truly,

[Signature]

Executive Secretary.
