Dear Madam Manus:

You will recall the visit of Mr. M. E. Kriegel during last October, the time when he soujourned in Europe preparatory to the organization of the International Conference at London last November.

Mr. Kriegel is assisting us in the preparation of a World Symposium on Peace, and is to be one of the principal speakers on December 13th, in addition to Rennie Smith of London, Secy of "Friends of Europe", (former M.P.), Francis Henson, and Dr. Kurt Rosenfeld former Minister of Justice of Prussia, who have also been invited.

We are desirous of securing messages from the leaders in the different countries with regard to the problem of Universal Peace as it affects the different nationals, the feminist and labor movements and the methods to be employed by those who desire Peace on a non partisan and international basis, and we would very much appreciate your sending us a message to be read at this symposium.

Should you take the time to do so upon receipt of this letter, it would reach us in time for this conference and would be greatly appreciated by those who will receive the inspiration of your message.

Most cordially yours,

UNIVERSAL PEACE LEAGUE
